## **Charles Hastings Education Centre, Worcestershire Royal Hospital**

Based around the Difficult Airway Society algorithms, this workshop-based day course is designed to improve your confidence and competence at managing unanticipated difficult airway situations.

### **8 Faculty 16 Candidates**

Designed to maximise hands on time and includes:

- ▶ Video laryngoscopy, Bonfils fibrescope, Airtraq
- ▶ Intubation through Berman, classic LMA, iGEL
- ▶ Intubating LMA
- ▶ Oral and nasal fiberoptic intubation
- ▶ Cricothyroidotomy & jet ventilation

**PLUS** videos, scenario practice based on real cases and a special guest lecture.

Suitable for anaesthetic trainees, ED physicians & ODP's.

---

**Cost only £ 75**
